5. (Unclassified - THW) LIAISON I called Denver Dickerson, Staff Director of the Joint Committee on Printing, to explore with him the subject of the Federal Depository Library Program. I explained to him that it would cost the Agency about \$1.8 million per year to comply with this Program and we just wanted to be sure that the expenditure of that sum of money was absolutely necessary. He stated that we should hold off doing anything about the Program for the time being and requested that I discuss the matter with him personally during the week of 1 December.

6. (Unclassified - WPB) LIAISON Took a call from Richard Grimmett, Congressional Research Service, Library of Congress, who asked if the Agency could provide him unclassified material on Soviet intelligence activities for a report he is doing. He said that if no unclassified material was available he would then be interested in any classified material we could provide.

7. (Internal Use Only - SDK) CONSTITUENT Took a call from Larry Woldt, Staff Assistant to Representative George O'Brien (R., Ill.), who voiced a complaint over treatment a constituent had received at a personnel interview here in Washington. 6. [] LIAISON I called John Trello, on the staff of Representative Butler Derrick (D., S. Car.), and told him that we had no information which would confirm or deny constituent [] request for information relative to KGB infiltration of the Capitol. I told him that this was a matter within the jurisdiction of the FBI and that it was my understanding that the Senate Select Committee on Intelligence had recently put this question to the FBI. I added that perhaps Representative Derrick would like to contact the FBI for further information. Trello asked me to put this in writing, which has been done.

7. [] LIAISON I took a call from Dr. Richard Grimmett, of the Library of Congress, who stated that he was preparing some biographic information on former Directors of the Agency and wanted to know if we could forward to him biographic information including current occupation and current address on all Directors from Souers to Raborn. After checking with the Office of Personnel, I called Grimmett back and told him that due to the implications of the Privacy Act we would need the request in writing and that before we could release the information we would have to have the permission of the former Directors. He thanked me for my efforts and stated that he would not make such a request at this time.

8. [] LIAISON I called Dick White, Administrative Assistant to Representative Dale Milford (D., Texas), and passed him a message for Representative Milford from Carl Duckett, DD/S&T, to the effect that the items Milford was interested in could be seen here in the Washington, D. C. area and that a meeting could probably be arranged here in Washington with the person Representative Milford was interested in talking to about the items. White said he would pass the message to the Representative and get back to me.

9. [] LEGISLATION Called Jane McMullan, Senate Appropriations Committee staff, for the language of Senator James Abourezk's (D., S. Dak.) amendment, which would bar covert action, to the Defense Appropriations Bill, which she provided me.
